1 Interest rates available for new loans only.

2 The comparison rate is calculated for a secured loan on a loan amount of \$150,000 over a 25-year term. WARNING: This comparison rate is true only for the examples given and may not include all fees and charges. Different terms, fees or other loan amounts might result in a different comparison rate. Comparison rates for variable interest only loans (except construction loans are based on an initial 5 year interest only period and a subsequent 20 year principal and interest period. Comparison rates for construction loans are based on an initial 1 year interest only period and a subsequent 20 year principal and interest period. Comparison rates for construction loans are based on an initial 1 year interest only period and a subsequent 20 year principal and interest of the product it is within. Comparison rates for fixed interest only loans are based on an initial initial interest only period equal to the nominated fixed period and the remaining period (to 25 years) principal and interest at the equivalent product variable rate.

Information correct as at Friday 08 Nov 2024. Full details of relevant terms and conditions available on request.
