2 The comparison rate is calculated for a secured loan on a loan amount of \$150,000 over a 25-year term. **WARNING:** This comparison rate is true only for the examples given and may not include all fees and charges. Different terms, fees or other loan amounts might result in a different comparison rate. Comparison rates for variable interest only loans (except construction loans) are based on an initial 5 year interest only period and a subsequent 20 year principal and interest period. Comparison rates for construction loans are based on an initial 1 year interest only period and a subsequent 24 year principal and interest period with interest payable at variable rate of the product it is within. Comparison rates for fixed interest only loans are based on an initial interest only period equal to the nominated fixed period and the remaining period (to 25 years) principal and interest at the equivalent product variable rate.

6 For new home loan applications received from Monday 19 Dec 2022. AMP Bank reserves the right to terminate the offer at any time. Applications subject to credit approval.

7 Combo (investment split/s & at least one owner occupied split) is contained within one loan (same App ID). Separate loans with a differing borrower structure will be priced separately.

Information correct as at Friday 16 Dec 2022. Full details of relevant terms and conditions available on request.

This Interest Rate Bulletin supersedes all prior Interest Rate Bulletins issued by AMP Bank.

**Fees and charges are payable. Interest rates, fees and charges are subject to change at any time. AMP Bank lending criteria applies.**
