

Your streamlined journey with the AMP Broker Platform

Faster. Smarter. Built with brokers in mind.

Pre-submission

1 Choose AMP Bank as your lender

A purpose-built platform for brokers gives you more control from the start.

2 Launch from your CRM straight into Loanapp

Seamless integration with your Aggregator CRM.

3 Send digital consent and VOI to your client

Applicants complete consent digitally and do their verification of identity via their mobile device.

4 Income and expense verification

Digital income verification shows what AMP Bank will use in serviceability whilst expense rules are run over declared expenses.

5 Credit policy rules

Credit policy rules are built into our platform and are available upfront, which helps streamline your submission process.

Assessment

6 Submit the application

Pre-checks done. Clean submission. Less rework.

7 Credit team reviews verified data only

If all checks pass, there's no need for credit to intervene.

8 Approval issued fast

If anything's missing, you'll hear back quickly so you're not chasing.

Settlement

9 Loan docs issued in 90 seconds (almost always)

Thanks to MSA, no more waiting.

10 MSA manages settlement logistics

Discharge, coordination, the lot. You're free to focus on the next client.
